Driving License: Category B

Mechanical Engineering Student – Specialization in Design and Development

Seeking a 6-month internship

EDUCATION

- 03/2023 – 09/2026** **Bachelor of Science in Mechanical Engineering** | *Esslingen University of Applied Sciences, Germany*
Specialization: Design and Development
Tutor for the modules: Statics and CAD 1.
Elective course: Advanced Engineering Mathematics.
- 09/2014 – 07/2021** **ABIBAC (Dual French-German High School Diploma)** | *International School PACA, Manosque, France*
Majors: Mathematics, Physics, and Chemistry. (Graduated with Highest Honors).
Member of the High School Student Council (2018-2021).

PROFESSIONAL EXPERIENCE

- 03/2025 – 08/2025** **Industrial Prototyping Engineering Intern** | *Andreas Stihl AG & Co. KG, Waiblingen*
CAD design and assembly of test benches and assembly installations.
Operation of additive manufacturing systems (SLA, SLS, LBM, and FDM).
Creation of process routings and work instructions.
Cross-functional support within the prototyping department.
- 03/2024 – 02/2025** **Student Assistant in a Prototyping Workshop** | *GründES! Makerspace, Esslingen*
10/2025 – 02/2026
Maintenance and operation of machinery (laser cutters, 3D printers, embroidery machines...).
Technical support for CAD software and 3D printer slicers.
Facilitation and execution of technical workshops (e.g., screen printing).
- 01/2022 – 12/2022** **Reserve Officer (Military Service)** | *Finnish Defence Forces*
Reserve officer training. Specialization: Signals / Communications.
- 09/2021 – 10/2021** **Basic Industrial Internship** | *ABEX Stahlbau GmbH*
Workshop operations and on-site assembly. Steel and aluminum processing (sawing, drilling, welding, tube bending).

SKILLS

- CAD Software** PTC Creo, Fusion 360.
- Simulation** ANSYS Mechanical, StarCCM+, Simulink, and Simscape.
- IT & Programming** C and C#, Python, Matlab, Microsoft Office.
- Languages** French (Native), Finnish (Native), German (Fluent / C2), English (Fluent / C1).

INTERESTS

- Technical Creativity** Passion for design and technical projects. Member of the Aeronautical Engineering Working Group (FTAG / Akaflieg) at Esslingen University of Applied Sciences.
- Sports & Nature** Football: Extensive club experience and team captain. Outdoor activities: Hiking and fishing.
